A simple way to manage your horses worming requirements, follow best practice by reducing the risk of drug resistance in our equine population. Only worm when necessary and not as routine.

**Basic pack - £35** Your annual worm egg count requirements taken care of in one simple purchase. Your pack will include:

- 3 x worm egg counts, throughout the grazing season (March - September)
- Unlimited advice from our vets or RAMA's that know your horses
- Glove, submission form and plastic bag x 3
- Worming information sheet with calendar showing when and how to submit samples
- Return addressed postage bags x 3
- Weigh tape

**Full pack - £55** All of the above plus an Equisal saliva test kit to test for tapeworm
